### **SKILLS**

Languages: Python, Java, Kotlin

**Tools:** SQL, Tableau, Power Bi, Excel

**Soft Skills:** Collaborative, Problem Solving, Project Management Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn

# **PROJECTS**

### **EDA on Online Shopping Data:**

Sep 24-Nov 24

- · Conducted Exploratory Data Analysis (EDA) on online shopping data to reveal valuable insights into customer behavior, product preferences, and sales patterns.
- Cleaned and processed a dataset of 52,955 rows × 21 columns, handling missing values, visualizing trends, and performing time series analysis to guide data-driven business strategies.
- Utilized tech stack, including Python, Pandas, NumPy, Matplotlib, Seaborn and Jupyter Notebook, to extract and present actionable insights.

# **Multi-Region Sales Data Dashboard**

June 24-Aug 24

- · Created an interactive Tableau dashboard to visualize economic and demographic data, including population distribution, income levels, and employment rates.
- Which can Help stakeholders identify trends and make informed decisions for planning market
- Simplified complex data into a user-friendly interface for quick insights and streamlined analysis.

# **TRAINING**

**CSE Pathshala** Jun 24 - Jul 24

Data Science with Tableau and R programming

- Completed a 45-hour Data Science training program with CSE Pathshala, focusing on Tableau and R programming for data analysis and visualization.
- Created 3 interactive dashboards showcasing Multi-Region Sales Data uncovering insights into population trends, income distribution, and regional statistics.
- Gained hands-on experience in data manipulation, visualization, support data-driven decisionmaking.

# **CERTIFICATES**

Machine Learning and its Applications   IHUB DivyaSampark	Sep	24			
Generative Ai   IHUB DivyaSampark	Sep	24			
Data Science with Tableau and R programming   CSE Pathshala	Jul	24			
Artificial Intelligence Training Program Corizo	Feb	24			
ACHIEVEMENTS					

Achieved 5-st	tar rating in SQL on HackerRank.	Feb	25
• Solved Top 5	0 Interview SQL questions on LeetCode.	Jan	25
Achieved 4-st	tar rating in Python on HackerRank	Sep	24
